

D-Flex[®] Wirefree

The D-Flex[®] Wirefree is a light weight, 10-gauge seamless knit glove that represents the latest development in high performance, cut-resistant non-wire core fibre technology. D-Flex[®] combines superior cut protection -thanks to a special patented wrapping process using Spectra[®] synthetic fibres- with dexterity. D-Flex[®] provides excellent grip and cut resistance in food industries (cutting meat, handling food), in automotive industries (handling sharp metal components or cutting plastic) and in the printing industry (handling paper). All styles are fully launderable.

10 gauge seamless knit non-wire core Spectra[®] fibre

- Cut level 5 protection, the highest possible
- Elastic wrist band
- Exceptional comfort and dexterity
- Unbeatable durability and long wearing
- Can be machine washed at 95° C
- Coloured wrist seam
- Ergonomic design
- Blue colour for rapid detection of the presence of foreign bodies in foods
- Perfect for meat and food industries: boners, trimmers and kill line staff
